Here at The Woolpack Inn, we're proud to work closely with local suppliers within a 50-mile radius, ensuring the freshest, seasonally inspired produce in every dish. Most of our vegetables on our menu come straight from our very own Market Garden, attended to by Worthy Earth.

Luke & our talented team hand pick ingredients based on what's at its peak, creating innovative, sustainable dishes that highlight the best of each season.

Furthermore, in the spirit of community we donate 20% of our Market Garden to charity and homeless shelters each month, helping to give back to those in need while supporting local growers.

A discretionary service charge of 10% will be added to your bill. Please advise us of an allergies or dietary requirements.
We cannot guarantee the absence of any traces of food allergens in any of our ingredients.
